PROJECTS

Personal Portfolio Website

- Developed a portfolio site using React.js to showcase personal projects and skills.
- Emphasized responsive design and performance optimization for seamless cross-device viewing.

Task Management App (React)

- Created a task management application using React and React Hooks to provide a seamless user experience.
- Integrated features like task creation, sorting, and deletion, using state management for dynamic content updates.

E-commerce Product Page

- Designed an interactive product page for an e-commerce site using HTML, CSS, JavaScript, and Tailwind CSS.
